

SUB-THEME SYNTHESIS SESSION DESCRIPTION FORM

10TH WORLD WATER FORUM

Please complete this form no later than **5th of April 2024**.

Session Code and Title (e.g. Sub-Theme 1 Synthesis Session):

Sub-Theme 1 Synthesis Session: Water, Security and Prosperity

Session Description (300 words):

This session is designed as an inter-generational dialogue. It is about young people's interpretation of the issues discussed in topics under sub-theme 1 and their proposals for the key messages and next steps.

Through the topic sessions, experienced sector stakeholders will have given their evidence, information, and data on issues related to water, security and prosperity. But it is young people that have to interpret this information and take action, as part of shaping the world that they want.

The session will be a discussion with young people and the leaders of the topic areas, to mutually agree a set of messages for political leaders and also messages to support region to region cooperation on water, security and prosperity issues. The discussion will include proposing next steps specifically on stakeholder co-operation on specific issues raised during the sessions.

The synthesis session intends to focus in on a very few areas of cooperation that if implemented, can make a big difference to SDG6 and related goals,

The five topic areas are:

- 1A: Sound water supply and demand management.
- 1B: Circular economy in the water sector and non-conventional water resources
- 1C: Water for food and agriculture
- 1D: Water for energy
- 1E: Water insecurity and development

Detailed Session plan:

This session will be an inter-generational dialogue and led primarily by young professionals, members of the World Youth Parliament and the Bali Youth Plan. Young people who were involved in organising the topic sessions will present short summaries, and draft key messages and next steps, which will be discussed and agreed in the session.

The objectives of the session are for young people to:

- present summaries of the five topic areas

- propose key messages that can be discussed and agreed in the session
- propose and agree actions and next steps.

The topic leaders will be in the room to answer questions and provide information and to discuss the draft messages and actions. They will be joined by representatives from governments and other sector stakeholders, who will also be invited to comment during the session.

ESTIMATED TIMING	ITEM DESCRIPTION / ROLE	SPEAKERS	SPEAKERS STATUS (OK OR TBC)
5	Introduction	Youth Speaker	TBC
30	5-minute summaries from each of the 5 topics	1A Alice Tilley 1B TBC 1C Teddy Chifumbano 1D TBC 1E YIN Chuming
